

Our Partner Programmes for more Cooperation

Together we create more! Choose from 4 different partner programs to grow together with us.

Decide on the solution that suits your needs best:

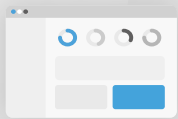

Consulting-Partner

With GetMyInvoices, companies and advisers who strive to support their customers with innovative, useful document management- and invoice management solutions, find a tool that topically suits their offers perfectly. Thus, they can offer their customers a convincing value-add – and will share into the revenue to boot. Utilize this new income source and extend your portfolio!

Affiliate Partner

Refer qualified leads using an affiliate link, and upon **conclusion receive 10% lifetime commission** on the net revenue generated. If you are interested, sign up on <https://partners.getmyinvoices.com> and place GetMyInvoices on your website.

Branded Solution

The Branded Solution is suitable for other software vendors of accounting software or document management systems. As a branded solution partner you receive individual package prices and conditions to offer your customers a advantage. The billing is done via revenue share.

API Integration

Use the GetMyInvoices technology stack and provide your customers more functionalities. With the GetMyInvoices API you are able to use our online-download feature in your own service. This plug&play integration is interesting for Document-Management-Solution vendors and Cloud-Storage providers.
